MEMORANDUM FOR OFFICE STUDY ONLY by Clifton Johnson & Donald Norseth

RE: ESCALANTE VALLEY IRRIGATION WELL DISTRIBUTION

The afternoon of August 19, 1957, Donald Norseth and Clifton Johnson had a meeting with Theron Ashcroft relative to the use of a Sparling Flowmeter on irrigation wells in Escalante Valley. The meter was tried on a well on College of Southern Utah property and then turned over to Mr. Ashcroft. Also, the studies of seepage loss and flow in Boulder Creek, Pleasant Creek, Pinto Creeks, Coal Creek and Shoal Creek were discussed.

Items to Theron Ashcroft:

- 1 6-inch Sparling meter
- 1 6-inch elbow (sheet metal)
- 1 6-inch clamp (sheet metal)
- 2 6-inch single bolt clamps
- 1 8-inch single bolt clamp
